TABLE TENNIS

SINGLES (boys & girls)

In singles, the center lines serve no purpose, so ignore them.

A match is played best 3 of 5 games. For each game, the first player to reach 11 points wins that game, however a game must be won by at least a two point margin.

The edges of the table are part of the legal table surface, but not the sides.

Each player serves two points in a row and then switch server. However, if a score of 10-10 is reached in any game, then each server serves only one point and then the server is switched. After each game, the players switch side of the table. In the final game (ie 5th game), the players switch side again after either player reaches 5 points.

DOUBLES (boys & girls) & MIX-DOUBLES

The service itself is exactly the same as in singles except that, rather than ball bouncing anywhere on the table, it must bounce only on the right half portion of the table for both the server and receiver.

The service still alternates every two points between teams, but it also alternates between players on the same team.

GAME OF PLAY RANN' 16

Players have to you register individually for either of the events they want to participate in.

All individual entries are welcome.

In case of doubles and mix-doubles events both the partners need to get themselves registered.

Decision of the referee will be final and binding on all.

Kindly note:

Don't forget to bring the NOC from your college. Failing to which your participation will be disqualified.
